

Dear Pastor and Brethren,

December 2022

Merry Christmas and Happy new year to each of you! In Togo we usually wish people good health, peace and prosperity. As I was thinking of so many things that happened this year, this verse in 2 Corinthians 4: 15 came to my mind: *“For all things are for your sakes, that the abundant grace might through the thanksgiving of many redound to the glory of God.”* May we experience God’s abundant grace, resulting in abundant thanksgiving to His glory!

God’s work is indeed about bringing the lost to the Savior, building them up and building the places of worship. All this takes human resources, financial resources, material resources and above all spiritual resources.

In this prayer letter we will like you to see in images the church buildings progress, the church people and the church needs.

We praise God for the church temple concrete we made on December 17, 2022. The Lord made it possible for the Church to get a loan of about \$16,000 from a financial institution payable in five years' time.

Please, be in prayer with us for:

- (1) more souls to be saved;
- (2) churches to grow in number;
- (3) spiritual growth;
- (4) Churches autonomy;
- (5) God's provision for construction work;
- (6) Payment of Good Shepherd BC loan.

Thank you so much for your faithful supports!
