

Dear Pastor and Brethren,

April 2024

We greet you in the marvelous name of our Lord. We can't help being thrilled about how the Lord's hand is at work here. We see His unfailing faithfulness in the way He continually meets our many needs: family needs, co-workers needs and the work needs.

Justine got a visa for the States and will be coming over very soon. You may wonder how about me? Well, they denied me the visa twice and the reason I guess is that we did not payback the Medicare we benefited from when Lemuel was born. I do not give up; I believe God will take care of this on His time.

We give glory the Lord for the construction work progress at Faith Baptist Temple. Now that the roof is made, they are working on what is needed to be done in order to start the church services in.

At Redeemer BC, we baptized 3 new converts and received 5 new church members.

It is our prayer that we be able to pay Rock Primary School teachers: the Lord, up to now made provision for their payment. We are currently constructing two offices for the School. As the Lord provides, we will construct 3 classes on top of the present building. We are planning on starting the Junior High School (the two first classes) by September. In the long run, we want to use the School facilities for camp ministry.

Bro Raphael, one of our faithful co-workers, has become a Harvest Baptist Missions missionary to Togo. This is the Lord's answer to one of our main prayer requests. God willing, he will begin his three months deputation in September. We are praying for his upcoming deputation. We believe he will be the Lord's instrument in planting new churches.

We highly value the partnership and fellowship we have with you in the Lord's work in Togo. More is still needed to be done.
